SUCCESS STORY

At first Kristina was afraid to leave her kids in daycare but was surprised the daycares that worked with the Child Care Program were all topnotch. The Child Care Program allowed her to become an Operations Manager at a national law firm and is currently enrolled in a University. Kristina hopes to earn a bachelor's degree and to one day become an attorney.

"These incentive bonuses have been such a great gift to our staff...in some cases when they added it up it kept them from looking for another job that they thought might pay more."
 Kristine Luisi - Director
